

**Job Description:**

Looking for a Christian man to supervise/mentor a 17 year old boy (brother) who is currently not in school. Has had a troubled past, but is willingly moving to Wheaton to get an environment change and fresh start, and wants to turn his life around. He's a hard worker when it comes to manual labor, but needs to stay occupied and supervised. He will be staying with us in Wheaton. Job would be to supervise him in around-the-house projects during the days that he is home until he can get his feet on the ground and get his drivers license and a full time job. Job may include driving him to various volunteer opportunities (Habitat for Humanity, etc.) during the day. Hours would most likely be 8am – 4pm if there are no volunteer activities or jobs for him scheduled that day. Basic handyman/construction experience is a plus (would pay extra for repairs, etc. made around the house), as he very much likes to learn how to build and repair things. Pay would be \$10-\$12/hr, but is negotiable. Contact Tim or Kaila at 630-456-2683.
